## Miss Gorey Accidentally Shot.

As the result of an accident which occurred Wednesday afternoon Miss Mamie Gorey is in a serious condition at her home on Vine street with a bullet wound in her breast and according to her attending physicians there is little chance for her recovery.

The accident occurred at the home of her parents, Mr. and Mrs. John Gorey, on Vine street, late Wednesday afternoon and was the result of a revolver, which she had in her hand, being discharged in some unaccountable manner, the bullet entering her breast.

Miss Gorey, who by profession is a special nurse, has frequently used the revolver, entertaining the idea that one in her position should know the use of firearms, and only a few days before had engaged in target practice.

Wednesday afternoon she was seated before the fire handling the weapon when it was discharged. Her mother was in the room when the accident occurred but could give no further details as to how the accident occurred, the only account being those as above stated.

The bullet from the revolver took effect in her left breast and she fell back into the chair unconscious.

A physician was summoned, Dr. Frank Fithian responded, and after an examination found the wound to be of a very serious nature. Since the accident the victim has been unconscious and her weakened condition will not permit an operation in an effort to locate the bullet.

Miss Gorey, who is aged about twenty-three years, for some time has been engaged as a trained nurse, graduating from a Cincinnati hospital. For several months she has been at her home in this city, but had planned to leave in a few weeks to again enter the field and resume her profession.

She is a niece of Mr. Ed Gorey, master mechanic of the Louisville and Nashville railroad in this city, Mr. Robert Gorey, who holds a similar position with the company at Birmingham, Ala., and of Rev. Father E. H. Gorey, of Covington.
